MILITARY SPECS

**MIL-STD-202**

**Environmental Tests (100 Class)**

- Method 101  Salt Spray (Corrosion)
- Method 103  Humidity (Steady State)
- Method 104  Immersion
- Method 105  Barometric Pressure (Reduced)
- Method 106  Moisture Resistance
- Method 108  Life (at elevated temperature)

**Physical Characteristics Tests (200 Class)**

- Method 201  Vibration (limited to 12 sq/in)

**Electrical Characteristics Tests (300 Class)**

- Method 301  Dielectric Withstanding Voltage
- Method 302  Insulation Resistance

**MIL-STD-810**

- Method 500.4  Low Pressure (Altitude)
- Method 501.4  High Temperature
- Method 502.4  Low Temperature
- Method 507.4  Humidity
- Method 509.4  Salt Fog
- Method 512.4  Leakage (Immersion)

**SPECIFICATIONS**

- SK-N-864  Simulated Gun Blast Test
  - 30 Rounds

**ADDITIONAL TESTING**

- Switch Life
- Shock Drop

**ADMINISTRATIVE**

- Formal Test Report
